

## **ADMISSION**

The Adult Studies Program requires no entrance exams or standardized test scores. If your first language is not English, you will need to submit scores from the Test of English as a Foreign Language (TOEFL). Some students may also be asked to take a placement test, depending upon their academic background.

Before admission, you must schedule an appointment with one of our academic advisors and provide official transcripts of all previous academic work. This includes any college level coursework, or, high school transcript or copy of your GED certificate if you have not previously taken college level classes.

Admission is on a rolling basis and there are application deadlines. We promise a quick response, but please allow at least one week for application processing once all application materials are received.

Fully completed new student and readmit applications including all official transcripts must be received by January 17 for evening and weekend classes.

### **Transfers**

If you previously attended a regionally accredited college, you must have a GPA of at least 2.0. Academic courses in which you received grades of 2.0 or better generally will transfer, no matter how long ago you received them.

### **Freshmen**

Freshman admission requirements include graduation from high school (or a GED) and an interview with an academic adviser.

### **Readmits**

Former ASP students should request an Application for Readmission from the ASP office (455-3263) and make an appointment to meet with your advisor. You may register after your readmit application has been processed; allow one week for processing. If you have attended any other colleges or universities since leaving, official transcripts of that work must be sent directly to the Adult Studies Program.

### **Audit/Unclassified Students**

No transcripts or advisory appointments are required. Audited courses can not be changed to credit at a later date.
