

Keeping VWC Symantec Antivirus Definitions Updated

You **MUST HAVE AN INTERNET CONNECTION** to update your definitions.

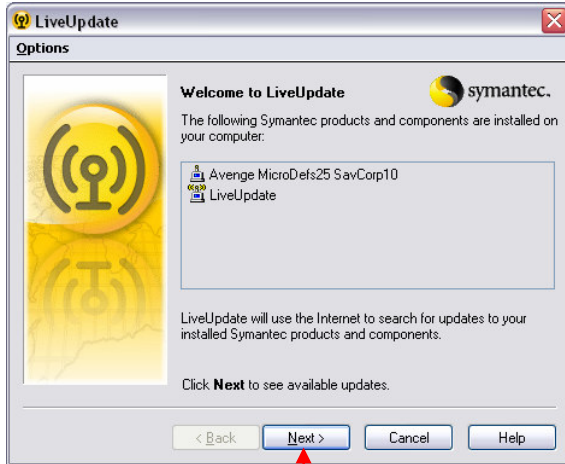

1. Double-click on the **gold shield** in the right bottom corner of your task bar.

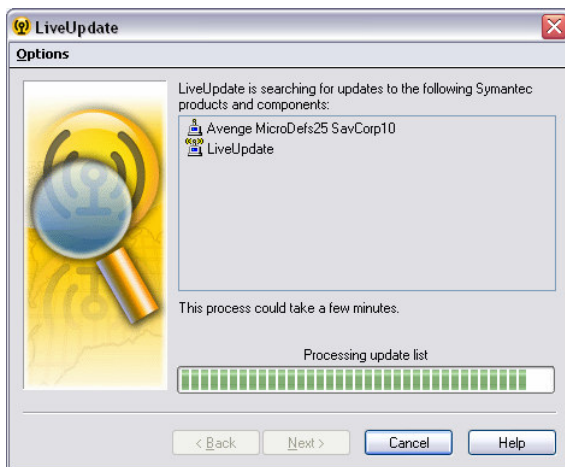

2. Click on the **LiveUpdate** button.

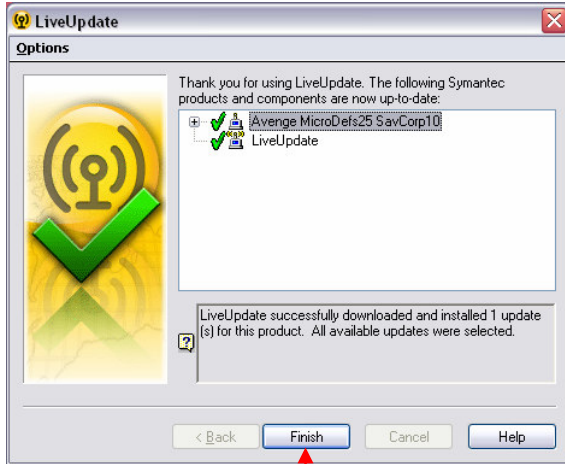

3. Click on **NEXT**.

You will see the following screen as your computer accesses the Symantec website for the latest updates.

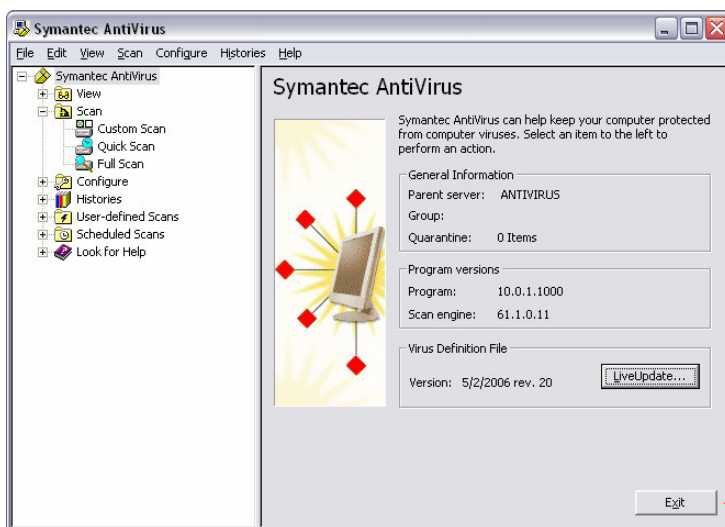

4. Click on **FINISH**.

5. You should see this screen if there were any updates downloaded and applied.

6. Click on **EXIT**.

7. Repeat step #1 to verify your definitions have been updated.
