Virginia Wesleyan College Athletic Insurance Coverage

All students of Virginia Wesleyan College MUST have primary insurance coverage through their own insurance provider OR the policy offered by the Business office. All students must be covered by the accident/health coverage offered by the college or sign the waiver attached to the insurance brochure sent under separate cover by the Business office. The waiver must include the name of the current accident/health insurance company and the policy number in which the athlete is covered. Please return the completed, signed waiver to the Business office if you do not wish the athlete to be covered under this policy and have other coverage. Please note that Virginia Wesleyan College assumes no responsibility whatsoever for any uninsured expenses, and we strongly recommend that the student have coverage through a primary health insurer to avoid possible, significant out-of-pocket expenses in the event of an injury. **VWC student athletes are required to have some form of health insurance. Athletes without health insurance WILL NOT BE ABLE TO PARTICIPATE IN ATHLETICS AT VIRGINIA WESLEYAN COLLEGE.**

Virginia Wesleyan College does carry a sports accident insurance policy that covers each student athlete participating in or traveling to or from an organized practice or game. **THE POLICY CARRIES A \$2000 DEDUCTIBLE. THIS MEANS THE ATHLETE AND/OR THEIR PRIMARY INSURANCE PROVIDER ARE RESPONSIBLE FOR THE FIRST \$2000 OF MEDICAL CHARGES ACCRUED.** Please note that it is ultimately the responsibility of the parent and/or the student-athlete to make sure their primary insurance provider will cover the medical bills from the physician the athlete chooses to see. Please also note that the NCAA's Catastrophic Injury Insurance Program covers student-athletes who are catastrophically injured while participating in a covered intercollegiate athletic activity (subject to all policy terms and conditions). The policy has a \$75,000 deductible and is supplemental coverage in the event of a catastrophic injury. More information on this program can be found on the NCAA's web-site at www.ncaa.org.

IT IS EXTREMELY IMPORTANT THE ATTACHED INSURANCE INFORMATION FORM IS COMPLETELY FILLED OUT. It is especially critical to give all necessary claim information if a Health Maintenance Organization (HMO) or Preferred Provider Organization /Network (PPO) insures the athlete. **The student-athlete is ultimately responsible for contacting their insurance provider prior to seeking out of network or out of area medical attention.** If there is a physician within the HMO or PPO/PPN network who is in the Virginia Beach/Norfolk region, you may want to switch the student athlete's primary care to this physician.

I have read and understand the above Virginia Wesleyan College Insurance Information Form. I understand the student athlete's primary insurance or themselves are responsible for the first \$2000 of any medical bills resulting from injury while playing sports for Virginia Wesleyan College. I also understand that a student athlete cannot participate in athletics at Virginia Wesleyan College unless they have some form of health insurance coverage.
